BOOTLEGGERS MAKE BILLION IN 1920

(By RALPH F. COUCH)

WASHINGTON—(By United Press)—Bootleggers made profits totalling nearly \$1,000,000,000 last year, it was estimated here today on the basis of internal revenue bureau reports showing that approximately 80,000,000 gallons of liquor were withdrawn from bonded warehouses last year.

Between \$200,000,000 and \$500,000,000 of this should have been paid to the government in income and excess profits taxes. So far as tax

records show, no profits earned by bootleggers were reported or paid in taxes. Tax officials are looking longingly at this gross profit of the bootleggers last year, which was equal to the amount the government paid in interest on the entire war.

The commissioner of the bureau of internal revenue, it was said, may discover a way to collect the tax. Many officials regard the possibility of collecting the bootleggers' tax as really worth while. Others scoff at the proposal. Bootleggers who made a return even tho the returns were

camouflaged, would be immediately open to prosecution for violating the Volstead law, it is pointed out.

Prohibition Commissioner Kramer is one of those who would like to see the tax officials collect from the bootleggers, he said today. This would make it easy for Kramer to obtain evidence of law violation.

Bootleggers, it was pointed out, are in the same class as winners at gambling games. Neither group has ever made an open return of money so received.

Federation of General Workers Decides to Back the Triple Alliance In Miners' Walkout—Organization Just Lined Up Represents Hundred Industries

Premier Lloyd-George Fails In Last Attempt to Stay Tie-up of Nation, Scheduled to Start Tomorrow—Men Deaf to His Appeal

LONDON—(By Associated Press)—The Federation of General Workers, representing 1,500,000 persons in more than 100 industries outside the triple alliance, decided today to support the triple alliance in its strike in the interest of the striking miners.

LONDON — (By Associated Press) — A conference held this morning between Mr. Lloyd-George, the prime minister, and a delegation of officials of the triple alliance which has called a strike for Friday night in support of the striking miners, was concluded within two hours without any progress apparently having been made toward an adjustment of the grave labor situation. It was reported from the conference that the prime minister made a long statement, appealing strongly to the rail-

way men and transport workers, who, with the miners, make up the triple alliance, asking them to exercise restraint and not precipitate a crisis.

SITUATION GLOOMY

This plea, however, does not appear to have had effect.

J. H. Thomas, general secretary of the National Union of Railway Men, declared after the conference that he could see no prospect for the reopening of negotiations for an adjustment of the strike situation.

On the government side it was said the labor men were unable to present new arguments giving the government any different views of their case, while the government, it was understood, did not indicate that it was prepared to make any further concessions.

Thus the situation, early this afternoon appeared unchanged and the outlook gloomy.

CONFERENCE ON STRIKE

LONDON — (By Associated Press) — Labor members of the British house of commons, the national legislative committee of the labor party and leaders of the trades union congress met here today to discuss the situation resulting from the call of the strike by the "triple alliance of labor" which is to begin at 10 o'clock Friday night. Heads of the "triple alliance" had consented to send representatives to the meeting which was considered here today to afford the solitary ray of hope that the great strike might yet be averted.

Labor members of Parliament, however, are quoted by the London Times as discouraging the building of over-optimistic hopes.

The house of commons was prepared today to discuss the reply to the king's proclamation regarding the recruiting of reserve forces to act in the event a great strike should develop.

Reports to the miners showed their strike to obtain a partial nationalization of the mining industry will cripple all industry, killing some of it for the time being and seriously affect all classes of citizens.

Leaders of the triple alliance visited Premier Lloyd George today. They made a sombre looking party as they proceeded to the Downing-street residence of the prime minister. Their visit, however, gave rise to hopes that some sort of compromise might be reached in the few hours remaining before the strike becomes effective.

MOVIE STAR WILL CARRY WATER TO ROAD WORKERS

Everybody Will be Thirsty Friday When they See Peggy Leedy as Aide to Cameraman on Highways on "Good Roads Day"

At Least 500 Volunteer Workers Expected to Report at Memorial Hall at 7 a. m. To-morrow—Fox Man to "Shoot" Workers

Weather permitting, Allen-co Good Roads Day Friday will be a big success, according to Joe Hartline, chairman of the Chamber of Commerce good roads committee.

At least 500 volunteer workers are expected to report at Memorial hall at 7 o'clock Friday morning with shovels, overalls and well-filled dinner pails.

Peggy Leedy, movie star, will be on hand with Jake Baker, Fox camera man, to act as water girl for the workers. They will

350 AUTOMOBILES WANTED

WANTED! 350 Automobiles! That's the number of machines the Good Roads organization wants lined up at Memorial hall at 7 o'clock Friday morning.

An army of volunteer workers will report at the hall at that time to give a full day's work to put the roads of Allen-co in better condition. The men must be taken to the various roads. For that reason it is necessary for the automobile owners of the city and county to contribute the use of their cars.

It is estimated that at least 350 machines will be required. It is pointed out by the organization that none is more interested in good roads than motorists, therefore they are being asked to cooperate to the fullest extent in the undertaking.

spend the day touring the county. Jake will film those who show the most efficiency with the shovel and Peggy will carry water for the weary. It is believed there will be few of the workers who will not be thirsty when they see Peggy.

The event is of particular interest as it means the starting of the Harding Highway from the Allen-co end. The movie that will be run in the Fox Newsettes will put Lima and Allen-co before the eyes of the country as progressive good roads boosters. The film will later be shown at the Sigma.

GOOD RESPONSE HAD

The county commissioners and Hartline are more than pleased with the response from local concerns who are unable to send men and are sending money to hire laborers at \$3 a day. Other concerns are furnishing trucks and automobiles to haul workers and materials.

Of course it will be useless to attempt to stage the celebration if the weather is bad, but in case of rain, or worse, the event will be postponed for one week.

Allen-co roads have been in a deplorable condition all spring, because of large mud holes that are practically impassable. It is believed that one day of labor by the company of volunteer laborers will go far to better the roads. All the mud holes will be filled with crushed stone.

The county commissioners have been making a survey of the roads to determine just where repair is most needed.

CIVIC BODIES TO HELP

Several local civic organizations such as the Lions and Kiwanis club have agreed to turn out in a body to work on the roads.

Besides the Lima organization, every township has an organization and will mobilize their workers at a central point in each township.

DOG SEEKS REVENGE FOR DEATH OF PAL

DULUTH, Minn.—Since its canine pal was killed recently by a street car, a Scotch collie dog stands guard at a certain dog house, leaps high to grasp the trolley pole rope with its teeth, pulling the pole off the wire and stopping the car.

Efforts of the dog's master and car crew to persuade the dog to cease the practice have been to no avail.

The animal probably will be shot, it is said.

SHIMMY DANCER SAYS HUBBY JEALOUS

In a suit for divorce filed in the Chicago courts, Bee Palmer, a leading exponent of the "shimmy" dance, says her husband, Al Siegel, who plays the piano for her vaudeville act, "is insanely jealous of my superior talents. He looks on every applauding spectator as a rival for my affections." The pair have been married only a short time.

M'GANNON AND MISS NEELY INDICTED FOR PERJURY

CLEVELAND—(By United Press)—William H. McGannon, former chief justice of the municipal court, recently acquitted of the murder of Harold Kagy, today was indicted by the grand jury for perjury in connection with the testimony he gave in his trial.

Miss Mary Neely, the state's star witness, who changed her story in McGannon, second trial, was also indicted for perjury.

Edward Allen, a reporter, and Charles Burke, former reporter, were indicted on a charge of intimidating a witness.

The charge against Allen and Burke is that they induced Miss Neely to change her story.

Miss Neely, the indictment charges, she had talked to no one since the first trial, where, it is alleged, she had a conference in a room the night before she testified the second time in which McGannon, Allen and Burke were present.

The indictment charges that McGannon testified falsely when he said that he left his machine at East Ninth-st and Euclid-ave, where as he was really in the machine until it reached East Ninth and Hamilton-ave.

The indictments were returned against the four after Franklin C. Farasey, court stenographer, appeared before the grand jury and testified to sworn statements he had obtained from Miss Neely and Burke.

Burke, who turned state's evidence, said in the sworn statement that he received \$1,000 from Judge McGannon out of \$3,000 which was promised him, according to Prosecutor Stanton.

McGANNON SUE
Charles Burke, former reporter, indicted on charges of intimidating a witness in connection with the McGannon trials, today filed suit against McGannon for \$2,000 alleged to be due him for aiding McGannon at his second trial.

Burke, in his petition, claims he was retained by McGannon for a flat fee of \$3,000 to help him beat the murder charge against him. He says he has received only \$1,000 of the amount.

Burke also asks for \$400, which he claims he spent in carrying out his agreement with the judge.

OTTAWA—(By Associated Press)—Early this morning the house of commons, voting under closure rules, sustained the Meighen government in its shipbuilding program and granted the administration an interim supply vote for carrying on public expenditures for the first part of the present fiscal year. The vote stood 103 to 79 for the government.

The division in the house brought to a close one of the bitterest fights in the Canadian parliament since 1912, when the opposition, obstructing the plan of Sir Robert Borden to give financial aid to the British navy, kept the house in continuous session for two weeks.

LEAGUE TO FIGHT DAVIS' CODE

Opponents of the Emergency Clause to Organize

TO MEET AT CLEVELAND

Will Petition For Vote on Reorganization Bill

CLEVELAND — (By United Press) — Senator George Bender, Cuyahoga-co, announced today that opponents of the emergency clause of Governor Davis' state reorganization bill will meet here Saturday afternoon to form the Peoples Power League.

Thru the league petitions will be circulated, asking that the reorganization bill be submitted to a referendum.

The meeting will be held in the office of George B. Harris, member of the Republican state central committee. According to Bender, four other members of the Republican committee besides Harris, will be present.

One hundred and twenty thousand signatures to the petition will be necessary. This is the three per cent required by law in submitting a question to referendum thru petition.

"ENDS PEOPLE'S RIGHTS"

COLUMBUS — "The beginning of the end of the rights of the people under the 'referendum' is threatened," State Senator Burke declared today in announcing plans for attacking the emergency clause of the administrative reorganization bill.

"The real question in the matter is larger than this bill involves," Burke said in a statement today. "Should the emergency on the reorganization bill remain intact, it means the beginning of the end of the rights of the people under the referendum which the constitution provides."

"I am going to do what I can toward having the constitutionality of the emergency clause of the reorganization bill adjudicated by the courts. We recognize that no actual move can be made until after the bill has been signed and filed with the secretary of state, but we can be prepared."

"I sincerely hope that the governor will yet see this action is a fraud with much same outcome by referendum as damage to the party that he will ask that the emergency clause be eliminated."

Demands to be Presented to Council Meeting

PARIS—(By Associated Press)—Premier Briand has dispatched to Washington a note acknowledging receipt of the communication from the American state department regarding the mandate over Pacific islands north of the equator which was given to Japan.

STRIKERS' RANKS GROW

LONDON—(By United Press)—London's strike army gained by the thousand today.

Leading an attack on Britain's industrial life, the miners gathered under their colors the transport workers, railway men, electrical workers and scores of smaller unions.

Friday night, unless the unexpected occur, Britain will be thrown back into the feudal days. Transportation, except for the modern automobile and airplane, will rely on the horse and mule for its power.

Candle and oil light will be used in the homes and at outlying street corner where the gas lamp has not been supplanted.

Reports to the miners showed their strike to obtain a partial nationalization of the mining industry will cripple all industry, killing some of it for the time being and seriously affect all classes of citizens.

Leaders of the triple alliance visited Premier Lloyd George today. They made a sombre looking party as they proceeded to the Downing-street residence of the prime minister. Their visit, however, gave rise to hopes that some sort of compromise might be reached in the few hours remaining before the strike becomes effective.

TO EXPLAIN WHY TWO WIVES

New York Broker to Tell of Strange Circumstances

THREE LIVE IN SAME HOUSE

Brought to Light by Probe of Rental Agent

NEW YORK — (By United Press) Herbert Thornton Andrews, 30, prosperous Wall-st broker, today promised a full explanation of the strange circumstances under which he is residing with two women in a Jersey City apartment, each one claiming to be his wife. He said he would make a full statement later.

The two women in the case are Maud Augustus Andrews, 42, who says she married Andrews in Portland, Me., in 1912, and Esther Marie Andrews, 25, of Pittsburgh, who is alleged to have been married to Andrews January 26, 1921, at Greenwich, Conn. Mrs. Andrews number 1 is mother of two children, John 8, and Harley, 6.

BROUGHT TO LIGHT

The strange case came to light last night, when an agent of the realty company from which Andrews rents his apartment called to investigate the rumors he had heard. It is said, told him that her husband had brought the younger woman into the apartment last January, with the announcement that he had married her. At that time he told Mrs. Maud Andrews that she was welcome to remain in the house if she desired. She stayed, but moved to a small alcove bedroom. Her sole motive in remaining, she said, was to see that her two boys were properly brought up.

"I have no money and no home," she explained, "so I must stay."

RETURN FROM THEATRE

The real estate man, William Cahill, was still talking to Mrs. Maud when Andrews and Mrs. Esther arrived from a theatre party. Mrs. Esther is small, blonde and of rather shy manner. She was a bit frightened when Mrs. Maud confronted her angrily at the door of the apartment, but Andrews soothed both women and there was no quarrel.

"I don't know why you treat me so," Mrs. Maud said to Andrews.

The broker calmed her and in a few minutes peace reigned in the unusual household.

Mrs. Maud said today she was undecided what course to take.

"I don't know what I shall do," she declared. "I have talked to my lawyer, but can't decide whether to sue for divorce. The circumstances under which I remain here are very trying, but I have nowhere to go and take our children. I don't feel friendly toward the young woman who my husband has brought into this house, but I realize I am prejudiced."

"I have been much alone ever since the night he walked in with her on his arm and announced they were married, but that I might remain if I wished. They go out evenings and I stay here with the boys."

MUST LEAVE HOUSE

JERSEY CITY, N. J. — An unfortunate landlord announced today that he would break up the Andrews love triangle immediately.

Either Mrs. Herbert Thornton Andrews, number 1, aged 42, or Mrs. Maud Andrews, number 2, aged 25, must leave the apartment where they have been living with Herbert Thornton Andrews, 30, whom both call "husband," according to William Cahill, agent, for the real estate firm which owns the place.

"I will have a showdown with Andrews," said Cahill, who discussed the triangle last night, while investigating rumors he had heard.

"I am inclined to believe that Mrs. Andrews number 1 is within her rights, but Andrews will be given an opportunity to present any evidence to the contrary he may have. At any rate, one of the women must leave the apartment today."

A discussion of investment problems and some high lights on the question of naval appropriations were subjects covered at the Wayfarers' banquet at the Elks' home Wednesday evening. Addresses were given by F. B. Williams, of the Wagner-Williams Co., and by R. B. Truhey.

COMMUNITY CHEST PLAN IS APPROVED BY SOUTH SIDE IMPROVEMENT BODY

Following a talk by four Community Chest drive workers, the South Side Improvement association at its meeting Tuesday night went on record as favoring the Community Chest drive and tendered its support.

H. E. Simonton, Fire Chief John Mack, Capt. W. B. Wilcox and E. J. Stallsmith told the association members that they could never expect benefits from the fund if they did not boost it and that they would be benefited if they did.

PLEADS IN BEHALF OF CHRISTIANS

Papal Secretary of State Makes Appeal to Turks

ROME.—(By Associated Press.)—Cardinal Gasparri, papal secretary of state, has made an appeal to Mustafa Kemal Pasha, head of the Turkish Nationalist government at Ankara, in behalf of Christians inhabiting countries under Turkish rule.

In the name of the supreme pontiff, said the telegram sent to Ankara by the cardinal, "I have the honor to make an appeal to your noble sentiments of humanity, imploring you to give at the earliest moment possible, the necessary orders to insure respect of the lives and property of Christians in the Caucasus, Asia Minor and Anatolia."

"After the suffering humanity has undergone, it is to be hoped the voice of clemency and piety may be heard everywhere."

Mustafa Kemal answered the cardinal's telegram in the most deferential terms, assuring him that "the safety and welfare of the inhabitants of this country, irrespective of race and religion, is the supreme duty commanded by my humanitarian sentiments, as well as by Muslim religion."

He added he had already adopted measures to insure complete tranquility to all Christians within the jurisdiction of the Ankara government.

LIMA FIRMS TO BUILD HALF MILLION DOLLAR CELINA COURT HOUSE

CELINA.—(By Associated Press.)—Contracts for the erection of Mercer-co's new half million dollar court house were awarded Wednesday afternoon, after three days' consideration of 21 bids.

It was "Lima Day" as all the contractors were awarded to Lima firms as follows: General construction to Ora M. Green Co. for \$414,635.87; heating plumbing and regulation to Williams Bros. for \$45,675; electrical wiring to Wentworth Dean Co. for \$3,555.

A rough estimate of the cost under the plan proposed by the chamber of commerce would be about \$450 a year, meaning a saving for the county of at least \$750.

PLUM FOR TRUSTS, KITCHIN CHARGES

Democratic House Leader Assails Tariff Measure

BARS TRADE, HE DECLARES

Final Vote on Bill Scheduled for Tomorrow

WASHINGTON.—(By Associated Press.)—With predictions of almost sound Democratic opposition, the emergency tariff and anti-dumping bill was slated for general debate in the house today under the program contemplating a final vote on the measure before adjournment tomorrow. House Democrats were bound by caucus action yesterday to stand unreservedly against the measure and Representative Kitchin, minority leader, in a statement bitterly assailing the Republican temporary tariff program, predicted that "less than a dozen Democratic votes would be cast for the Young bill."

DEMOCRATIC ASSAULT

Expressing the views of minority members of the ways and means committee, which formally reported the emergency bill yesterday, Representative Kitchin in his statement declared the Republicans were tossing into the lap of "three great trusts, the packers, the sugar trust and the woolen trust, \$775,000,000 a year."

The minority leader also asserted the terms of the anti-dumping provision would operate to disbar future trade with the Central powers and smaller European states.

POMERENE FOR TREATY

Debate on the Colombian treaty continued to occupy the senate today with Senator Pomerene, Democrat, Ohio, prepared to speak in favor of ratification, as was Senator Knox, Republican, Pennsylvania, should time permit before adjournment.

Ratification was opposed in an address yesterday by Senator Kellogg, Republican, Michigan, who declared it would cast a "shadow on the brightest page of the history of American accomplishments."

Pending disposition of the treaty, which under agreement will come to a vote not later than April 20, action will be deferred on the Knox resolution introduced yesterday to terminate the state of war with Germany and Austria.

Pending interest in the senate today also was proposal of Republican senators to increase their membership on the major committees, action on which was forced over yesterday by Democratic opposition.

GEORGE E. BAYLY IS APPOINTED RECEIVER OF STARRETT STORE

In Federal court at Toledo Thursday morning, Judge John M. Killits appointed George E. Bayly as receiver of the H. H. Starrett sporting goods store, 118 W. High-st. Starrett filed a petition in voluntary bankruptcy Tuesday and asked that adjudication be deferred until the result of an effort to make settlement with creditors on a basis of 25 per cent was determined.

According to the order of the court, in event settlement is effected with creditors on the basis suggested, the receivership will not be continued. If creditors reject the offer, the receiver is to be the custodian and sell the property for the purpose of satisfying claims. Referee in Bankruptcy H. D. Grindle will appoint appraisers.

CHURCHES UNITING FOR SOCIAL AT 4 P., FRIDAY

A union social will be held at the Y. M. C. A. Friday evening at 7:45. The young people of the various churches are combining with the Y. M. C. A. in arranging the program.

A ladies' quartet will sing. The Y. M. C. A. boys orchestra under the leadership of Arthur Daniels will play. There will be other musical and literary numbers and a number of interesting group games. A short sketch will be given by the young people of Bethany Lutheran Fellowship Church.

The entertainment will be held in the gymnasium and everybody is invited.

HARDING PICKS MEN FOR SHIPPING BOARD

WASHINGTON.—President Harding today was understood to have determined on the following appointments for members of the shipping board:

FAILED TO PAY FOR HIS CHILDREN'S SUPPORT IS CHARGE AGAINST WINGATE

Efforts of an attorney Harry Wingate had secured a legal counsel, failed to convince Deputy Sheriff Clarence Fraunfeiler Wingate's should not be placed in jail.

Wingate, against whom there was a secret indictment for non-support of his children returned by a grand jury some time ago, came back to Lima Wednesday on a visit. Fraunfeiler nabbed him.

Wingate gave as his excuse he had sent money to relatives to keep up his payments. The attorney argued there was no legal manner in which Wingate could be held in jail. But the deputy sheriff was not going to yield up his prey so easily.

After it was found on the books of County Clerk of Courts that F. Clem told Wingate was behind a good many dollars in his payments, he was remanded to jail. He still occupied a berth there at noon Thursday.

"SAM, THE HOBO," FINDS HOME

Nine Years of Tramping Comes to an End Here

Judge J. H. Hamilton has found a home for Leon Jackson, 15, negro boy, picked up here by police on Saturday, April 3. Henry Ford, W. Spring-st, has given the boy a home and has promised the court he will instill in him the principles of right.

Young Jackson told a pitiful story to a representative of The Lima News while in the city prison, before having been turned over to juvenile officers. He said his main desire was to be somebody's boy—to have someone who would provide for him all that home meant to the average child.

He said that for nine years he had been a tramp and was known as "Sam the Hobo." His parents had died when he was little more than a babe, according to his story.

Jackson will do chores and be brought up as is the average boy of his age about the house. Judge Hamilton says he has secured a good place.

The boy was especially strong for cleanliness, declaring that he carried a bar of soap with him always as a remedy for cleanliness and that he never forgot to take a daily bath in a creek.

PAUL COLE SEEKS \$3,000 FOR PERSONAL INJURIES IN AUTO-BICYCLE CRASH

Paul Cole, 14, was one of the main witnesses Thursday in the trial of the case in which he is plaintiff against Peter Kohl, Columbus Grove blacksmith, for \$3,000 damages for alleged personal injuries, in common pleas court.

Cole, in his testimony, said that Kohl, driving his motor car, came upon him so quickly after he saw him that he was unable to even wink an eye.

The accident which is the bone of contention in the court case happened August 17, 1919, in Fawcett park. Cole was riding his bicycle. He said he spied Kohl coming but had not time to protect himself, so fast was the automobile traveling. The collision occurred on the south road.

The boy was thrown from his bicycle, which was broken, his right leg was broken and he declared he suffered permanent injuries. He was confined to his bed eight weeks as a result of injuries.

The defense will present facts to show there is a sharp turn in the road at that point and that collision with the boy was impossible.

JUDGE DISAGREES, GORDON WOMAN TO BE TRIED AGAIN

Lillian Gordon will be given a new trial following the failure of a jury to reach a verdict after several hours' deliberation in criminal court late Wednesday afternoon.

She is charged with conducting a house of ill fame at 235 E. North-st, following her arrest the night of April 2.

Judge Emmett Jackson had not set a date for the new trial Thursday, waiting to hear from City Solicitor Garling.

FRENCH ENVOY TO U. S. CRITICISED

Ambassador's Home People Attack His Washington Attitude

NOT INFORMED, THEY SAY

Paris Left in Ignorance of American Affairs, Charge

PARIS.—(By Associated Press.)—Criticism of Jules J. Jusserand, French ambassador to the United States, for his alleged failure to keep the French public informed as to the state of affairs in Washington, appeared in editorials published here today relative to the message of President Harding to congress. A number of this morning's newspapers, notably L'Homme Libre, and the Gaulois, joined the Temps in deploring this state of affairs. The Cablegramme, a new daily representing important business interests, said:

LEFT IN IGNORANCE

"M. Jusserand was not kept informed as to what was going on at the White House and in the lobbies of the senate. Under the pretext of not wanting to offend American opinion, he has discouraged all initiative to promote our interests, and has left us recently in prodigious ignorance of things over there. It pains us that we must speak thus of such a man as M. Jusserand, but we are at a point where successes in the past cannot compensate for failures in the present."

The text of Mr. Harding's message had not reached Paris last night, and most of today's papers contained themselves with presenting such extracts as had been cabled to this city. Editorial comment continued to interpret the message as, on the whole, favorable to France.

GOOD SENSE POLICY

Under the caption: "President Harding's Good Sense," the Figaro said:

"President Harding seems to have decided upon insisting in both America and Europe upon the policy of good sense. Nothing could be happier for France, whose interests have always suffered from fanciful ideas in general, and Wilsonism in particular. President Wilson did not take into account the facts. His views had always to prevail, notwithstanding realities."

Writing in the same vein, "Pertinax," political editor of the Echo de Paris, said:

"The clear, decisive language of Mr. Harding renders us a great service." The communist Humanite said:

"Mr. Harding's message reminds us that the international alone can pacify the world."

8 DIE IN STORM

Houses Wrecked as Tornado Sweeps Texas Town

MELISSA, Texas.—(By Associated Press.)—Eight of Melissa today died as a result of a tornado which swept this little town, causing the death of eight persons and the injury of many more. Five of the eight dead are negroes. Five persons are injured possibly fatally while more than fifty received less serious injuries. A number of the injured are in hospitals at McKinney.

The tornado struck the town from the southwest and cut a swath northeast demolishing virtually every building in the business district and razing many houses. Fire broke out soon afterward. Rain made the roads leading to town almost impassable and the force of the wind tore down telegraph and telephone wires that resulted in isolation for some time.

INJURED BY BURSTING FLY WHEEL, GOSSARD ASKS \$15,800 DAMAGES

Damages in the sum of \$15,800 are asked by Charles J. Gossard, Anglin-st, farmer, against J. S. Main and C. M. Bamberg, in an action filed Thursday in common pleas court.

Gossard charges a tractor purchased of the Ada firm was defective and that while using it to buzz wood, the fly-wheel bursted breaking two bones in his wrist, broke three ribs and tore loose the spleen and rendered useless the left kidney.

He asks \$800 for expenses and doctor bills, declaring he suffered hemorrhages of the kidneys for three months after the accident and that his left arm is permanently crippled. Gossard paid \$1,495 for the tractor, the petition states.

SLEEP SICKNESS TOLL GROWS

Deaths From Malaria in Ohio Increase, Report Shows

29 TAKEN IN ONE MONTH

Greatest Number Stricken Between Ages of 35 and 39

COLUMBUS.—(By Associated Press.)—Deaths from sleeping sickness in Ohio are increasing, with the greatest number in the age period from 35 to 39, said a statement today by Dr. U. G. Murrell, chief of the state bureau of vital statistics. For January 1921, there were 39 deaths reported from the disease, as compared to 4 for the same month last year, the report shows.

For 1919, 29 deaths were reported from sleeping sickness, and 120 for 1920. Sixty-two of the 1920 deaths were males, and 58 were females; 116 were white, and four colored; there were 67 reported single, 45 married and 4 widowed.

Deaths are found in every age from one year to 84 years, the report said, but the greatest number of deaths in any age period was from 35 to 39, there being 15. There were 14 in persons between the ages of 25 to 30.

There was an increase in the number of deaths each month in 1920, until March, when a decrease, shown until October, with increases again coming until January 1921, and this month showed more deaths by ten than any other, the report declared.

There were four deaths in January 1920, 20 in February, 29 in March, 24 in April, 13 in May, 7 in June, 6 in July, 10 in August, 6 in September, 4 in October, 2 in November, and 6 in December.

Of the persons who died of sleeping sickness in 1920, 26 were under 15 years of age, and had no occupations. The others, show 30 different occupations, with farmers predominating.

The report shows there was one death from anthrax, and one from pellagra last January.

CLINIC PLANS FOR TUESDAY COMPLETED

Plans for the clinic, to be held at St. Rita's hospital, Tuesday, in conjunction with a meeting of the Allen-co Medical society, were made at a luncheon of physicians of the hospital staff, held at St. Rita's hospital.

PARLEY ON WORLD TRADE TO BE HELD

Ambassadors of 34 Nations to Attend New York Meeting

CONFERENCE OPENS MAY 16

Secretary Hughes is Slated Among the Speakers

NEW YORK — (By International News Service) — Announcement was made today by the National Association of Manufacturers, that it will hold a Conference of Ambassadors and Ministers on World Trade at its twenty-sixth annual convention at the Waldorf-Astoria Hotel, New York City, May 16, 17 and 18 next, with ambassadors, ministers and commercial representatives of more than thirty nations participating.

Secretary of State Hughes will open the conference on the afternoon of Tuesday, May 17, unless some unforeseen circumstance prevents his leaving Washington at the time. While other officials high in international commerce and trade will make addresses upon the various problems now facing the United States in the development of its foreign trade.

PREMIER WORLD TRADE MEET
This important gathering which will be the first of its kind ever held in this country, it is expected, will be the first in order of the world has been arranged in order that representatives of other nations may have an opportunity to explain to the men most intimately concerned in financing and extending our foreign trade how the constructive forces of the United States may be coordinated best to serve the needs of the world. There will be discussions of the best methods to meet the demands of Europe and other countries for raw and manufactured materials and to extend the credit that is so essential. The National Association of Manufacturers estimates 600 manufacturing enterprises which produce more than 75 per cent of the entire manufacturing output of the nation and this conference will give their members an opportunity to obtain the foreign viewpoint direct for the first time in their history.

The conference will be presided over by Stephen C. Mason, president of the National Association of Manufacturers. It will be conducted in five sessions, running from Tuesday afternoon thru to Wednesday night, when the annual banquet of the National Association of Manufacturers will conclude the occasion. There will be a summary of the American viewpoint on the last day by three men qualified to present this subject. Each session will be devoted to a particular group of nations and each will have as an honorary chairman one of the ambassadors from that group of nations.

THIRTY-FOUR NATIONS ACCEPT
Formal or definite acceptances have been received from ambassadors and ministers of thirty-four different countries, while at least three other nations will be represented by their commercial staffs in the absence of the ambassador or the minister from the United States at the time of the convention. It is more than probable that every available country will be represented in Washington will be enrolled as a participant. The countries whose ambassadors or ministers have accepted and which will fully represent so far received, include Argentina, Belgium, Bolivia, Brazil, Bulgaria, Chile, China, Colombia, Costa Rica, Cuba, Czechoslovakia, Denmark, Dominican Republic, Ecuador, Finland, France, Great Britain, Greece, Guatemala, Italy, Japan, Netherlands, Nicaragua, Panama, Peru, Poland, Portugal, Rumania, Spain, Sweden, Switzerland and Venezuela.

TO BE EDUCATIONAL MEET
Confidential with the conference, every facility will be placed at the disposal of the distinguished group of foreign representatives to make known the particular trade possibilities and developments of their countries to the individual members of the association and the delegates to the convention. A special information section will be set apart where each country may have on hand special literature or special data information which will be for the inspection of the delegates and proper arrangements will be made for sending this special information to any manufacturer who seeks it. In making the announcement Mr. Mason, president of the association, said:

The National Association of Manufacturers, as the largest association of actual producers in the world, realizes its responsibility to the agencies which can contribute materially toward solving the acute economic problems of the world. The fundamental necessity is to meet the needs of Europe in raw and manufactured materials and again her productive activities without assuming an intolerable burden of immediate obligations.

AMERICA THE CREDITOR
America's manufacturers alone can meet these needs on bases of credit which will enable Europe to resume their independent commerce and consequent employment and in consequence in raised consumption have familiarized themselves with the problems of the world. The fundamental necessity is to meet the needs of Europe in raw and manufactured materials and again her productive activities without assuming an intolerable burden of immediate obligations.

What permanent committees will result from the Conference of Ambassadors and Ministers? I am not prepared to state, but I believe we shall find that we have taken a long step toward solving many questions which must be solved before we can hope to readjust the complicated social and economic mechanism of the world.

WOMAN IS VICTIM OF ASPHASIA

Mrs. Hooper, Putnam-co. Sued for Divorce, Loses Reason

Mrs. Nellie Kauffman Hooper, wife of Richard Power Hooper, Columbus Grove, is at the home of her parents, Mr. and Mrs. Charles B. Kauffman, Bluffton, having suffered a complete loss of reason.

Mrs. Hooper was taken from a train at Covington, Ky., Tuesday night, with her ability to reason entirely gone. It is said she was unable to recognize either her relatives or her surroundings.

Kauffman declared his daughter was on a visit to Etowah, Tenn., when stricken. Mrs. Hooper, who is a large woman of striking personality and who was handsomely dressed, attracted much attention from passengers traveling on the same train.

She left her home on March 15, last, presumably for Chicago.

Her husband only a few days ago filed suit for divorce. Hooper charged she would lie in bed until Christmas on the pretense of being ill and that he was compelled to do the poultry and garden work and do the things usually allotted to a woman on the farm. He said her greatest desire was to drive the automobile he provided for her.

Hooper and his wife resided on a farm south of Columbus Grove, in Monroe-tp. He is the son of a wealthy coal dealer there. They were married in June, 1912, and have no children.

Mrs. Hooper is a gifted musician and up to a year ago she and her husband took an active part in society of the southern Putnam-co town.

PAY \$750,000,000 FOR BEAUTIFIERS

Compared with Sum Spent in U. S. on Education

HALF BILLION FOR JEWELRY

Luxuries Cost 10 Times More Than Schools, Claim

(BY GEORGE R. HOLMES)
WASHINGTON — (International News Service) — Ten times as much money every year for luxuries as for education!

That is what is wrong with the educational system in the United States according to Dr. P. P. Claxton, Commissioner of Education, who, on the eve of the assembling of the new Congress under a brand new administration, has deemed the time propitious to invite attention to the fact that American women spend each year almost as much for perfume, powder and cosmetics as is spent in the whole country on public instruction.

"We think we believe in education," said Dr. Claxton. "We talk much about it and many of us have believed that we pay much for it, that it in fact constitutes a very great burden if indeed it is not our chief burden. No doubt we do believe in education in a way, but we have not and do not pay much for it."

SPENT LESS THAN BILLION

Dr. Claxton backs up his argument that we pay very little for public education with some rather startling and illuminating figures. For instance, in 1918, the last year on which figures are available, he shows that the total expended for public education in the United States was somewhat less than \$1,000,000,000. Figuring on the basis of 100,000,000 population, that amounts to about \$10 a head.

Two years later, according to Dr. Claxton, in 1920, American women spent on face powder, perfume and cosmetics alone the not inconsiderable sum of \$750,000,000.

LUXURIES OUTDISTANCE LEARNING

The American people spent half a billion for jewelry in 1920 while they were spending a billion for education, and in these dry and arid days \$350,000,000 went for soft drinks.

But bad as these figures may seem, worse are to come. For "luxurious service" — whatever that may mean — Americans got rid of some \$2,000,000,000 last year, and for "joy" rides pleasure resorts and racing, a like amount. Even ice cream and chewing gum have not escaped Dr. Claxton's indicting calculation, and his arithmetic discloses that \$250,000,000 was spent for ice cream and \$50,000,000 for chewing gum.

"It is interesting," continues Dr. Claxton, "to compare some of these items with the expenditures for education. The amount paid for face powder, cosmetics and perfume is only \$12,000,000 less than the total amount expended for public elementary and secondary education in 1918 and within \$50,000,000 of twice the total amount of salaries paid teachers in public elementary and secondary schools."

TEACHERS PAY LESS THAN JEWEL SALES

"The amount paid for jewelry is nearly \$100,000,000 more than the salaries of teachers in elementary and high schools in 1918 and is more than the total productive funds of all endowed colleges and universities in that year."

"The \$50,000,000 for chewing gum is two and a half times the total expenditures for normal schools and almost exactly the same as all State and city appropriations for higher education."

FUR SALES GREATER

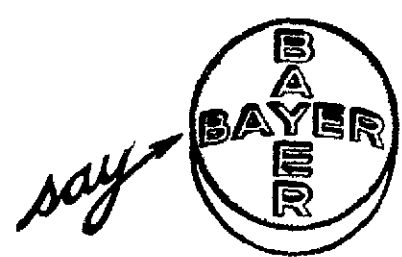

"The \$300,000,000 which went for fur last year is more than twice the cost of all higher education, and the \$350,000,000 paid for soft drinks is more than two and a half times as much. It is more than the total value of college and university buildings, including dormitories in 1918."

"Suppose that in some moment of high enthusiasm and patriotic devotion the people who use tobacco had agreed among themselves to smoke two cigarettes instead of three, two cigars instead of three and had paid to the support of the schools the money thus saved for the year, the salaries of teachers in schools of all grades, public and private, could have been increased by more than 120 per cent."

"For tobacco in various forms we paid more than we have paid for higher education since the founding of Harvard College, in Massachusetts and William and Mary in Virginia."

AH! EPSOM SALT LIKE LEMONADE

You can now buy epsom salts without the awful taste and d nausea, by asking your druggist for a handy package of "Epsomade Salts" which looks and acts exactly like lemonade because it is a real epsom salt combined with fruit derivative salts, giving it the taste of sparkling lemonade.

Take a tablespoonful in a glass of cold water whenever you feel bilious, headache or constipated. "Epsomade Salts" is the much talked of discovery of the American Epsom Association. Adv.

ACIDS IN STOMACH CAUSE INDIGESTION

Also in Acid Gas, Sourness and Pain

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, flatulence, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sour, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try having aside all digestive aids and in stead get from any druggist a few ounces of Bismuth Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bismuth Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion. Adv.

INGROWN NAIL

Toe Nail Turns Out Itself If You Toughen Skin

A noted authority says that a few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost overnight. "Outgro" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions. Adv.

"Resurrection of the dead soon--- millions now living will never die"

---Judge Rutherford

The terrible world war and subsequent epidemics of 1914-1919, the present ouija-board craze, and the recent granting of a national home land to the Jews, were all clearly marked out in the same prophecies which now distinctly declare when the dead shall return, and that millions now living will never die. This long awaited day is not fifty, seventy-five or more years hence, but it at hand.

We all could easily believe this statement or declaration if the time were announced to begin say 200 or 300 years future, but to apply it to ourselves requires positive knowledge based upon indisputable evidence. Thousands of profound Bible scholars can prove from Bible prophecies which have been fulfilled during the past five years that those living until the year 1925 can live forever if they choose to do so. All such will live as human beings on this earth, and will be rejoiced by the return in new human bodies of their departed loved ones and live and enjoy the blessings of the Lord throughout the ages to come.

All interested and desiring to hear and consider definite Scripture proof for this proclamation are cordially invited to attend the free lecture by

FATHER DESERTS
BOY BURGLAR

Katania Goes to Lancaster—Has Ability as Artist

Louis Katania, 15, boy burglar, must serve a sentence in the Boys Industrial home, Lancaster.

Judge J. H. Hamilton imposed sentence late Wednesday, after failure of Katania's parents to assist the court in his case. Judge Hamilton was willing to give him into the care of his parents, but they refused.

Katania was arrested early in March while in the act of robbing a safe in the Swick barber shop. Police made the arrest at an early hour in the morning.

Katania amused himself in jail drawing pictures and Judge Hamilton says he developed remarkable ability. He worked with paper and materials provided by the wife of Sheriff Charles W. Bator.

One of his sketches shows a boy behind the jail bars and the picture of an old home and fireside. Beneath the picture Katania wrote, "When a Feller Needs a Friend."

Another sketch shows a lad reclining thoughtfully with his head in his hands and an inset depicts an old mother reposing peacefully in her home. Beneath that copy Katania wrote, "When a Feller's In Bad and Nobody Cares."

The lad broke down and cried when he found he must go to Lancaster. Previously, he had maintained a stolid front. His father is a

Russian Jew in Buffalo, said to be wealthy. He is alleged to have written Juvenile Officer Chapman that the law could take his course; he had tried long enough to bring the boy up right, he said.

THREAT TO KILL IS IMPUTED TO HUSBAND IN SUIT FOR DIVORCE

Christmas holidays of Mrs. Edna M. Laughlin last year were made miserable if charges in a petition for divorce from Arthur A. Laughlin, Wednesday, might be a way to judge.

Mrs. Laughlin says her husband threatened to kill her. Their family troubles were renewed Sunday, the petition relates, when Laughlin struck her, exhibiting a vile and mean temper.

They had previously effected a separation contract in August of 1920 and Mrs. Laughlin wishes property he assigned to her at that time be given her by the court. They agreed upon \$75 a month for support of their two children, 7 and 11, and she asks this arrangement stand.

The couple were married on January 16, 1907.

FARMER, SUICIDE, LEAVES ESTATE VALUED AT \$7,500

The estate of William L. Roberts, Spencerville, farmer, who hanged himself Friday, amounts to \$6,000 in real estate, and \$1,500 in personal property, according to documents filed in Probate Court Wednesday.

Thomas E. Bowsher, upon whose farm Roberts lived, was named administrator. The widow and four children share. H. J. Sunderland, John Kroft and C. C. Post were named appraisers.

SHADOWS OVER BRITAIN

SINISTER and enormous possibilities of the coal strike in England developing into a bolshevistic or anarchistic reign of terror is making it something more than an English problem.

England has an industrial revolution, which she is endeavoring to overcome by drafting former soldiers to take the places of the strikers. The first impression of the situation gained over here is that the miners are unreasonable, probably bent upon exacting more than their just returns and possibly tinctured to a fatal degree with the poison of sovietism. The threat to permit the mines to be flooded is looked upon as criminal.

Some of the mines in England are more than 3,000 feet deep. In such cases flooding would mean the end of the mine. And when it is considered that England is an industrial nation, dependent upon coal, the threat seems one of wanton criminality. If such a policy as flooding the mines was carried out, Macaulay's New Zealander, viewing the ruins of St. Paul, becomes possible.

And there may be some merit to the claims by the miners. It is stated that previous to the war miners were making on an average of \$4.50 per week! Just imagine going down 3,000 feet into the earth, in the most risky occupation in the industrial world and working all day for 75 cents. During the war the English miners compelled the government to pay better wages. Since the mines have been returned to their private owners, the miners anticipate a return of the pre-war wage. They are looking to the government for guarantees. In this sense their fight is political, as the press generally sees it.

That the mine owners are left out of the controversy cannot be understood here. In America public opinion would force the operators to reach a reasonable agreement with the miners as to pay. Over there the government proposes to keep hands off.

We have had little of the English miners' side over here. They may be in an ugly, unreasonable, anarchistic, treasonable mood, but we get to know little about their claims. It has always been the custom of the English to compromise and concede in industrial trials and this has been her strength. Even a momentary victory now would be a defeat, as it would make labor the enemy of the state.

PAYING FOR DAMAGE DONE

THERE is a fine sentiment of fairness that actuates that person who desires to and does make reparation for damage occasioned to the property of another, thru accident. But unfortunately, not everyone is possessed of that trait, or possessing it, refuse to exercise it thru settling to the satisfaction of the other and quieting their own conscience.

Lima has a boulevard lighting system. Standards are placed at intervals along the curb in the downtown section of the city. Many autos are in use on the streets. They are parked where space is available. Quite often, in turning a car in the street or backing away from a parking position, cars accidentally engage lighting standards. The net result is generally a broken globe and lamp. If the spirit of fair play and honesty actuates the owner of the car that does the damage, he will endeavor to make reparation.

Many such instances have occurred and in several cases the owners of the cars that did the damage promptly communicated with city officials and offered to pay. On the other hand

a greater number of guilty persons failed to report and offer to pay. Altho the lighting system has not been accepted from the contractor, the city feels, thru its officials, morally obligated to give the contractor the same protection of his property it would ask for its own. Therefore, the statement that it is intended to arrest such guilty persons if they fail to pay for damage done, is not at all surprising. In fact, it is commendable.

If a motorist should accidentally run his car into and shatter a plate glass window, he would be held responsible by the owner of the glass. If an auto should damage a residence property or knock down and injure a pedestrian, he would be required to make reparation. If this is true in such cases, why not enforce the same rule in connection with city property, or improvements that are designed for public benefit and which ultimately will become the possession of the city in actual ownership?

The thought forces itself that only a coward will run away from the consequences in such a case.

PLAN TO TRIP DAVIS

LEARNED exponents of the law in Ohio are making a careful study of decisions by high courts in other states which have the initiative and referendum in their constitution, upon the legislative power to declare "emergencies" doing away with the popular right of referendum.

Weight of authorities upon both sides are to be gathered carefully, to be submitted to the Ohio Supreme court when the question reaches that tribunal as a result of the passage of the Governor Davis reorganization or ripper bill, with an emergency clause attached. An effort will be made to trip the chief executive of the state. The General Assembly by its vote declared the ripper to be an emergency law, "necessary for the immediate preservation of the public peace, health or safety."

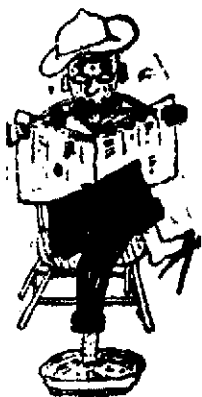

This question will likely be presented to the Ohio courts in several different proceedings. Plans that have been formulated call for filing referendum petitions and for a writ of mandamus to compel the Secretary of State to submit the matter to the voters in November, notwithstanding the emergency clause. An attempt by the Governor to put the act into effect may be met by injunction suits in the lower courts and which ultimately will reach the high courts.

From a cursory study of decisions, attorneys have found that three states have held that legislatures have blanket power to declare "emergencies" and that the decisions of the lawmakers cannot be reviewed. These states are Oregon, Arkansas and South Dakota. Oklahoma is held to have decided the question with the trio named, but later to have changed its front.

On the other side are Washington, California, Montana and Ohio. The Ohio case, in which the statement was made that the "judgment of the General Assembly as to the emergency character of the act is not conclusive," was rendered in 1915 and the decision was unanimous. In the same year in Washington in a ripper bill case, the Supreme court, by a vote of five to four, gave an opinion to the same general effect. Because it is a ripper case, this decision is looked upon with much interest.

TODAY'S HEALTH HINTS—BY DR. WM. BRADY

LOSS OF HAIR

Thousands of persons who had influenza in the recent epidemic suffered loss of hair following the illness. This continued in many cases for months after the illness. But the hair grew again with its original vigor after recovery of the original health. The hair is likely to suffer in any severe acute infectious fever such as influenza typhoid pneumonia, scarlet fever; but almost invariably it grows in again after the patient recovers, even tho the temporary loss amounts to almost complete baldness. Nor does the clipping of the hair in such illnesses in any way alter matters. An infection which may begin rather like an acute infectious fever but which is of indefinite duration, is syphilis; in this disease, too, there is generally marked loss of hair. In all of these instances the falling out of the hair is due to impairment of the nutrition of the hair follicles or to the systemic poisoning pro-

duced by the germs of the disease. Several years ago a drug (thallium acetate) was introduced as a remedy for the relief of the excessive sweating associated with tuberculosis and other constitutional infections or secondary pus-germ infections. It was found that many persons taking this drug suffered loss of hair; which ceased only when the drug was discontinued. Baldness of the common type may be said to be of systemic or constitutional origin in every case, never a local condition merely. Therefore no mere "hair tonic" or remedy or treatment applied to the scalp can be properly said to restore the hair. There are certain local conditions which do cause special types of baldness, however. Among them are tinea (ringworm), favus, eczema, and seborrheic inflammation of the scalp (dandruff). Such local disease conditions of course call for appropriate local treatment, by

the physician or skin specialist, and not by barbers, hair-dressers and self-styled beauty doctors. If the hair is worth saving at all, the advice of a trained physician should be sought. In seborrheic or dandruff baldness (alopecia) is the high chair medical term for baldness; the hair first thins about the temples and slowly up over the front of the scalp. In senile baldness (baldness of old age), the hair thins and falls out first at the vertex or back of the head and a gradually spreading round bald spot appears there, which finally extends up over the crown and the top of the head, but always leaves a pretty fringe at the sides and down around the back of the head, just enough hair so that a poor fellow can conceal his bald spot by pulling his hat well down upon his ears. But gracious, here's the boy for copy, and I haven't brought on the medicine. Well, we'll have to wait till tomorrow.

JUST FOLKS—BY EDGAR A. GUEST

A SONG

Can't help thinking day by day
Skies are drear with you away,
Need your presence and your smile
Near me to make life worth while;
Roses bloom and skies are blue
But my little world needs you.

When the day of toil is o'er,
Have no charm unless at night
You can share in their delight,
Praise is but a stranger's voice
Save it makes your heart rejoice,
Victory would seem despair
If in it you could not share;
All I am and all I do,
Needs the gentle smile of you.

YOUR NAME

By PHILIP FRANCH HOWLAND
NATURAL ORIGIN—English.
SOURCE—A locality.
The origin of the family name of Lincoln is simple. It comes from the town of the same name in England.
Like all surnames of the same classification it was originally descriptive of the bearer's place of residence. In that period of the middle ages when populations began to increase rapidly the supply of given names was overtaxed. The first result of this was the tendency among parents to give their offspring new variations of given names, made up often by the addition of diminutives added to the name or a single syllable of the name. Even this, however, was not enough, when communities became more common and men moved more from place to place. It became quite usual to speak of this that or the other Roger or John or Ivid by reference to the place from which he had come. Thus the name of Lincoln was originally preceded by "de," indicating "of Lincoln" or "from Lincoln."
The place name itself is a relic of pre-Saxon days being a compound of "lin" and "coln," signifying in the ancient British tongue, a lake on a hill. The Welsh is "lyn," the Cornish "lyn" and the Gaelic "lin-ne."

FOREIGN FILMS COMING INTO POPULARITY

Ernest Lubitsch, Europe's D. W. Griffith, Staging a Big Feature, "Deception"

"Turn to the Right," Stage Play at Faurot Saturday—Gossip of the Screen

(By ESTHER WAGNER)
IT SEEMS that foreign-made films are THE thing nowadays. After a look at "Passion" and the announcement that another well-known classic is to be filmed across the sea, along comes information that Ernest Lubitsch, Europe's D. W. Griffith, is making a film which he has titled "Deception," but which is in reality, the life story of Henry VIII and Anne Boleyn.
Statistics, those minutely interesting little things, state the picture required seven months to make; that three months were required in building sets alone; two hundred carpenters were constantly on the job, while four hundred stucco workers were employed. Sounds like a real picture, doesn't it? At least, an idea of the magnitude of the production can be gained.
The arrangement and ornamentation of British streets during the 16th century, the style of architecture and the artistic surroundings of the royal court yard and Westminster Abbey, have all been carefully studied and copied, and in addition to the dramatic appeal of a story of a woman's love behind a throne, the picture promises a last-lap revolution in spectacular settings and thrills.
Two continental stars, Emil Jennings and Henry Porten, are prominently cast. "Deception" is ready for release.

"Turn To the Right"
IN THESE days of bedroom farces, problem plays and sex dramas, there is a note of hopefulness in the record-smashing success of a clean, wholesome and interesting play like "Turn to the Right" which John Golden will present at the Faurot opera house next Saturday April 16, matinee and night, with the original New York-Chicago production. Not since the early days has the public flocked in such numbers to witness a comedy of American life, peopled with plain, honest-hearted small town folk and speeded with flashes of big city humor.

An erasing boy and two of his former prison pals provided most of the action but the main pivot of the story is a little mother hair of gray, heart of gold and a smile that has a touch of heaven in it. There are three acts and a prologue of love, laughter and heart throbs and each strike deeply into the heart of every playgoer who has known the beauty and power of a mother's love.
The advance sale of seats will open tomorrow, Friday, morning. All orders are still being received.

TRY-OUTS FOR PLAYERS WILL BE HELD AT MURPHY-ST BALL PARK NEXT SUNDAY

With the opening of the season for the Lima baseball club only a little over a week away, Managers Halloran and Callahan are going to have to quicken their gait in order to get a sufficient number of good players mobilized for the opener at Fort Wayne a week from next Sunday.

No players have yet been signed up, but deals are on for several top-notchers from disbanded teams.

Next Sunday afternoon at 1 o'clock all players interested in baseball and who would like to get a chance to play this season with the Lima club, are requested to report at the Murphy-St. ball park for try-outs.

It was planned to have try-outs last Sunday afternoon, but the inclement weather prevented all but a few to turn out ready for practice.

Over 25 players have already notified Halloran that they will be on hand Sunday, and that many more are expected to be there when Halloran looks over the material.

Uniforms for the team have already been ordered and are expected to arrive in time to be used at the Fort Wayne game.

On the following Sunday, May 5, the team will return for a game here with Springfield, which will officially open the season here.

Two big days are planned for Saturday and Sunday, May 20 and 21, when the Norwoods of Cincinnati will journey here.

For two years, 1917 and 1918 the Norwoods held the world semi-professional championship, and are out this year to regain their hold on the lost title.

WATCHING THE SCOREBOARD

YESTERDAY'S HERO.—George Kelley. The skyscraper first baseman of the Glauks smacked a homer in the 11th inning that beat the Phils 10 to 8.

Rabe, Ruth hit two doubles and three singles in five visits to the plate, helping the Yanks to beat the Athletics 11 to 1.

Bohne and Fonseca, recruit infielders of the Reds, got two hits each and figured in the 5 to 3 victory over the Pirates.

Two wild throws in the third inning gave the Braves a 4 to 2 win over the Cleveland Indians. Smith hit a homer and Sewell made three errors.

Alexander the Great pitched his first opening game and the Cubs beat the Cards 5 to 2. O'Farrell slapped a homer with one on.

President Harding threw the first ball and kept a box score of the Red Sox 6 to 2 victory over the Senators. Walter Johnson lasted only four innings in the box.

Pinch hits by Nels and Sheehan figured in the Robins 5 to 4 victory over the Braves. O'Neil's homer with one on knocked Cadore off the mound in the seventh.

CUBS WALLOP CARDS WITH ALEXANDER

CHICAGO—Grover Cleveland Alexander will set a new record for victories this season if the Cubs support him like they did yesterday.

The Cubs went thru the game without a bobbie. The ace pitcher was in rare form and fans agreed that he was in for his best record.

Alexander the Great dimmed the twinkles of six Cardinals. Via the shift route, his was bewildering and his curve baffling. Time and again he cut the corner of the plate with a sharp curve, fooling the batters up until the seventh inning, the Cardinals garnered only one safety off Alexander and it was a fluke at that.

Fourner, Cardinal first sacker, hit a slow roller down the first base line and beat Alexander's throw by a hair. Alexander loosened up in the seventh inning and the Cards touched him for a couple of blows and two sets of spikes crossed the plate.

Manager Johnny Evers then sent Alexander Freeman, a Texas youth to the hill to give him a test.

BABE RUTH SAYS HE'S READY—PROVES IT

Babe Ruth slugging out a home run at Ebbetts field in one of the last spring exhibition games.

Babe Ruth is still considerably over weight, but insists that the extra pounds will wear off and that he is now ready to start on a new home run record. The photo would indicate that the Big Bambino is set.

SPORT WIRE BRIEFS

CINCINNATI.—Opening day tragedy. Frank Harris, perched on pole outside Redland field. Good view there. Other fellows crowding Frank. He falls to the ground.

Police take him to hospital, far away from ball park. The boy's head is bruised. Doctors told him how the Reds fared.

CINCINNATI.—The Reds and Pirates yesterday opened the National League season here before a crowd of 29,963 paid admissions setting a new opening day attendance record for Cincinnati. The old record made in 1912 was 26,336.

COLUMBUS, Ill.—Art Fletcher, Philadelphia National shortstop, today said he was considering retiring from baseball.

Fletcher, who came here last week to attend his father's funeral, declared he wished to "settle down."

WICHITA, Kansas.—Frank Isbell, manager of the Wichita baseball club, lost \$2,000 by a slight margin of an hour yesterday.

Under his rain insurance policy for the opening game, Isbell was protected up to \$2,000.

CHICAGO.—Ed "Strangler" Lewis, heavyweight wrestling champion of the world, flopped Jim Londos, Greek wonder in a one-fall match here last night with a head lock in one hour and 52 minutes.

Stanislav Zivko won a one-fall victory over John Pesak, Nebraska farmer, throwing him in one hour and 33 minutes with a half-Nelson and crutch.

BOSTON.—Doubtful to make a comeback as a pitcher, Dick Rudolph will act as coach of the Braves for the rest of the season succeeding Oscar Dugan, who goes to the Cubs as assistant to Johnny Evers.

URBANA, Ill.—Robert Barnes, Illinois University pitcher, twirled a no-hit and no-run game against Northwestern here yesterday. Illinois won the game 5 to 0.

Barnes, a freshman, was named the best pitcher in the world by the National Amateur Athletic Union.

CHICAGO.—The Cubs won the first game of the season yesterday, 5 to 2, over the Cardinals. Alexander pitched a gem.

CLASS TEAMS AT CENTRAL TO PLAY

Class baseball teams of Central Hi will open their league on April 18th. The classes have been practicing this week and should have their teams picked and in good condition by next Monday.

New material has been discovered in the practices held this week, but it is impossible to tell which class has the best team. A series of games will be played between the six class teams and the class team of South Hi.

TEAMS AT SOUTH HI
South Hi has numerous good baseball players and the battle between Central and South should be exciting and close.

Last year South and Central played three variety baseball games. The first South won by one run. The second Central won with the third game ending in a tie. This makes baseball an even break between the two schools so this year will have to determine which school has the better line.

TIGERS HELD BACK; RAIN IS CAUSE

DETROIT, Mich. — Threatening clouds and cool weather greeted baseball enthusiasts here this morning and gave anything but promise that the season's inaugural could be staged this afternoon.

The Chicago White Sox and the Tigers, however, were prepared to open the race unless play was entirely out of the question.

Jack Kery was slated to pitch for the visitors and "Dutch" Leonard a Manager Cobb's probable choice.

There was keen disappointment among the fans yesterday when rain caused postponement of the game. The scheduled opening day game was postponed for the new Tiger manager, the like of which has never before been accorded the team.

The local attendance record of 29,963, it was apparent, would have been broken under favorable weather conditions.

MOORE IS TO BOX SMITH APRIL 23

MONTREAL.—Contracts for a fight here April 23 between Roy Moore of St. Paul and Midgott Smith of New York have been received, it was announced today, by officials of the Great War Veterans' Association and of the American Legion in Canada, promoters of the bout.

The bout, which will be a world's heavyweight boxing champion, has agreed to fight the winner of the bout in this city at a later date.

LIMA ALL-STARS TO PLAY THIS YEAR OUT OF TOWN

Another Lima baseball team is being organized, and will play their first game a week from next Sunday, April 24, at Decatur, Ind.

The team will be known as the Lima All-Stars, and will play all of their games out-of-town. Last year the same team hung up a good record by playing some of the best semi-pro teams in Ohio, Indiana, Kentucky and Tennessee.

G. H. "Heavy" Burton is managing the team, and so far has the following game scheduled: April 24, Decatur, Ind.; May 16, Union, June 5, Fort Recovery; May 22, Decatur, Ind.; June 12, Mansfield; May 8, Marion, Ind. and May 29, Upper Sandusky.

ROSTER OF PLAYERS
The All-Stars have a roster of players that looks good. Carl Lezenheimer, former Ohio Northern university star, will hold down first base. Captain Rose, who caught for the Rockwood club of the Eastern Tennessee League last year, will work behind the bat. Orville Leigh, who played good ball last year at Decatur, Ind., will play center field. Merle Michael, who played with Ohio Steel last season in the industrial league, has been signed to play left field.

Don Rohe, who was seen in an independent uniform the latter part of the season, will pitch for the All-stars.

Be thrifty and attend The Royal Boot Shop Sale of Oxford, Pump and shoes—Anniversary Sale now on.

SPRING GRID DRILLS AT CENTRAL
Spring football practice will be held at Central Hi, it was announced by Captain Mitchell. Wednesday. This practice will start immediately and will continue thruout the school year.

The fundamentals of the game will be reviewed until the candidates have thoroughly mastered them. Roll blocking, punting, handling the ball, passing and all the other important fundamentals will be practiced.

EXPECT SUCCESS
Spring football is expected to be a success this year at Central. This has been tried before it has never been successful. South Hi has been holding Spring practice for two weeks, and are counting on continuing it until June.

With both South and Central getting their football teams in condition so early in the season, the gridiron battle of next year surpasses all others. Both schools have abundant material but the majority of it is green and the Spring practice will whip the fellows into perfect shape for next year.

Take Evans Triple Phosphates With Meals
Gain Several Pounds of Solid Stay-There Flesh

In one month's time EVANS' TRIPLE PHOSPHATES puts on several pounds of solid red blooded flesh and changes your weak, run down, nervous tired body into a strong, vigorous, robust one or money back.

Of course medical men are surprised and many are still unbelievers, but the fact is evident to every up-to-date pharmacist that Evans' Triple Phosphates will produce flesh without violent methods, face creams, daily massage or beauty torture.

In order to assimilate the nourishing food that people daily take into the body and turn it into healthy, red blood corpuscles, the nerves that control the process of digestion and assimilation must be put in first-class shape, and this is one of the first things Evans' Triple Phosphate does.

Evans' Triple Phosphate comes in small tablet form: a ten days' treatment in each box, and one month's treatment is guaranteed to increase your weight at least several pounds, and in ten days make you feel like a new being, full of ambition, vigor and a desire to accomplish things. Hunters' Drug Store, Butler's Drug Store and all good druggists have agreed to supply Evans' Triple Phosphate and guarantee it to do what is claimed for it, or money is refunded.

Even though Evans' Triple Phosphate works wonders in all cases of nervous corpuscles, the nerves that control the process of digestion and assimilation must be put in first-class shape, and this is one of the first things Evans' Triple Phosphate does.

SHORT SHAVINGS

John Robinson, the old-time show man, knew how to conduct a ring show, but his musical education had been neglected somewhat. One day he was listening attentively to his band, watching each player closely. There came a place in the selection where the clarinet player had a twenty bar rest, and when he came to it he sat back in his chair and

dropped his instrument to his knees. John said to him: "Hey, what are you doing? This is an important

piece. Why do you loaf like this?" The clarinet player explained that he had a twenty-bar rest and didn't have to play.

"Well," said John, "I guess you do have to play when you're in my band. Go ahead and get busy. You can rest when you get thru."

"Why the heck of cards and the razor, Rastus?"

"Well, boss, you know that big Rufe Washington? Last night he was out with mah girl and now he says she's his. We finally done agreed to cut cards for her."

"I see. That accounts for the cards, but why the razor?"

"Well, boss, I jes' natchally don't want to lose mah girl to Rufe Washington thru misunderstandin' a gentleman's agreement."

The Newly-Riches were seated in their handsome drawing room—Mrs. Newly-Rich at the grand piano, laboriously picking out hymn tunes with one finger. "Hang it all, missus," said Mr. Newly-Rich, impatiently. "If I buy you a piano that size, I expect you to use both fists!"

STILL OWNER IS FINED \$1,000

George Garrett Pays Maximum on 'Legger Charge

George Garrett, 38, of 219 1-2 S. Pierce-st., was fined \$1,000 when arraigned before Judge Emmett Jack-

son in criminal court Thursday morning, charged with operating an illicit still.

This is the fourth maximum fine levied by Judge Jackson since the Crabbe act became effective.

Garrett was arrested when a posse of officers headed by Chief of Police O. J. Roush raided his home shortly after 8 o'clock Wednesday evening. A copper still shaped like a milk

can, was found with three pints of corn whiskey, which Garrett said he had ready to sell.

Efforts of Garrett to have the fine diminished or fixed so he could pay in installments proved futile.

The Judge told him that if he could not pay his fine there was no alternative except go to jail.

A WONDERFUL WAY TO GUARD AGAINST FAILURE AND WANT!

Do They Do It. It's Easy Enough To Talk About It But The Thing Is—To Do It

How much are you making? Yes, YOU! Is it three dollars and fifty cents a day? Or is it five dollars, six dollars, seven dollars, ten dollars or fifteen dollars? Are you satisfied with it? Or do you continually grumble—without doing anything to make it more? But maybe this isn't your fault. Maybe you don't know how to GO ABOUT making it more. Lots of people are that way. Millions of them. Yes, millions. And they're not to blame either. They don't know. They'd earn more, if they only KNEW how—right down in their hearts they're willing enough. They're just as anxious and ambitious, and thrifty and hopeful, and earnest as they can be. Only they just don't seem to understand the knack of making more wages.

The reason you know it can be done—your proof that YOU can do it—is simply the fact that OTHERS are doing it. Did you ever stop to think of that? What right have you to believe that you can't do what OTHERS can do? What right have you to continually belittle your own ability in your own mind? Maybe you've been doing this for years, unconsciously or otherwise. Maybe you've been the culprit who's robbed you out of the bigger wages you could have earned these many years. It's just like a fellow puffing from himself, day after day.

Now, the whole thing depends upon a fellow's ENERGY. His energy of mind and body. Yes, your energy is the secret of it all. Your energy is the factor that decides whether you will always earn ordinary wages, or dry or two or three times that amount per day. What is "Energy," you say? What is the thing—really? Your energy is the word means, you have often heard it mentioned, even heard it explained by high-sounding talk, perhaps. But even now maybe you haven't figured out what "Energy" really consists of—and why. It's the whole foundation upon

which rests every man's individual destiny. That thing called your energy is just like one of those dummy engines you've seen hoisting loads of freight to the deck of a steamer. The energy is in the engine in the body—a little engine in the body—a little engine with big power. THE THING THAT HOISTS YOU JUST AS HIGH AS YOU WANT TO GO IN LIFE! Without this engine of Energy you can never earn what you are entitled to. You may think you can, but you cannot. At the end you will fail. You will fail as sure as you live. No sick man ever makes much of a success in life. And most sick people don't realize how sick they are. They are the great semi-sick majority. They go along from day to day with a number of petty ailments that poster them and impede their progress in life.

There are thousands of women in the same condition. Many of these are bright, intelligent, ambitious people who have all the necessary determination to go ahead, who have loads of ability, but who lack the necessary physical background—the strength, the energy, the vitality.

Many of these people are realizing what the lack of this (HIGHER) POWER DOWN and many of them have been lucky enough to stumble across the big truth that is MORE IRON THAN NEEDED IN THEIR BLOOD, organic iron—such as is found in Nuxated Iron.

There is a big reason why millions have taken Nuxated Iron. The big reason is that real organic iron is the Great Mender that helps transform weak, wishy washy anemic people into vital human beings of dynamic force—people who go after the things they want in life because they have the Zest and Zip to do it. NUXATED IRON is composed of real organic iron and not metallic or mineral iron. You want more PEPS! Buy a package of Nuxated Iron today. Sold only in tablet form, with the initials "N. I." on each tablet. By all druggists in tablet form only.—Adv.

WAS IN BED THREE DAYS

Mrs. Josie Reed, 217 N. 10th St., Tulsa, Okla., writes: "I was in bed three days with my back. I took Foley Kidney Pills in two days and was at my work again. I cannot praise your medicine too much. Foley Kidney Pills stop bladder irregularities and strengthen the kidneys. They help eliminate from the system the poisons that cause backache, rheumatic pains, stiff joints, swollen, swollen glands and feet, puffiness under the eyes. Chas. J. Vorkamp, Main and McKibben Sts., Adv.

RHEUMATISM Leaves You Forever

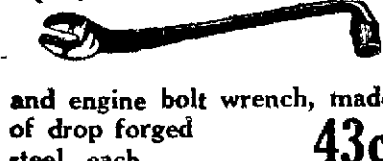

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to sell this very scientific sufferer that if two bottles of Allenbur, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenbur has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was most intense and pitiful and where the patient was helpless.

Mr. James H. Allen, the discoverer of Allenbur, who for many years suffered the tortures of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenbur decisively conquers the worst of all diseases and he has instructed Hunter's 2 Drug Stores, Enterprise Drug Store, Thompson Drug Store, Interurban Drug Store and Public Drug Store to guarantee it in every instance.—Adv.

The next time you notice a pimple or skin blemish starting to appear, Hydrastal ointment, generously before going to bed. In the morning that ugly, red spot will be gone. The antiseptic properties of Hydrastal will have penetrated the lymphatic glands, thereby controlling the blood pressure and allowing all inflammation.

Hydrastal Ointment does not stain or discolor clothing, sheets or pillow slips. It is non-poisonous and non-irritating, a powerful antiseptic and a real skin food.

If you are persistently troubled with pimples or blotchy skin, use Hydrastal ointment regularly, spreading it over the entire face just as you would cold cream. Hydrastal Ointment is deodorized. You will find your complexion improved over night and in a short time your skin will become smooth and clear.

Thompson's 2 Drug Stores, Hunter's 2 Drug Stores, Kettner's Enterprise Drug Store, McKenney Drug Co. and most good druggists sell and recommend Hydrastal Ointment and Hydrastal Ointment in popular sizes, 24c and 50c, or we are glad to send a free sample to show what it will do in your own case. Address: 3515 Hydrastal Laboratories, Cincinnati.—Adv.
